The E2o Technologies Private Limited

Key Responsibilities:

- **Website Development:**
Design, code, and modify websites, from layout to function, according to project specifications.
- **Responsive Design:**
Develop websites that are mobile-friendly and work across different devices and screen sizes.
- **Website Maintenance:**
Regularly update, maintain, and improve existing websites to ensure optimal performance and security.
- **Testing and Debugging:**
Identify and fix bugs or usability issues through thorough testing across browsers and devices.
- **Collaboration:**
Work closely with designers, project managers, and other developers to bring concepts to life.
- **Optimization:**
Optimize web pages for maximum speed, scalability, and SEO best practices.
- **Security Implementation:**
Implement basic web security measures and maintain website protection protocols.
- **Documentation:**
Maintain detailed documentation of code, processes, and workflows for future reference and updates.
- **Staying Updated:**
Keep up with emerging technologies, industry trends, and best practices to continuously improve skills and solutions.
